

THE BLAIRMORE ENTERPRISE

VOL. XVIII, NO. 16.

THE BLAIRMORE ENTERPRISE, THURSDAY, APRIL 21, 1927.

CARD OF THANKS

Mr. and Mrs. Storton Marshall, Hillcrest, wish to thank their many friends for kindness and expressions of sympathy with them in their bereavement, including the following floral tributes: Mrs. A. P. Stevenson, Mr. and Mrs. W. Stevenson and family; Dr. and Mrs. G. B. Rose, Miss B. C. Sellen, Mr. and Mrs. G. Cruickshank, Mr. and Mrs. H. O. Westrup, Mr. and Mrs. F. J. Smith, Mr. Clarence Smith and Mr. Arnold Smith, Mr. and Mrs. A. N. Warriner, Mr. and Mrs. A. Cassagrande, Mr. and Mrs. D. S. Hutchison, Mr. and Mrs. H. A. McVicar, Mr. and Mrs. G. H. Altham, Mr. and Mrs. Harold Henderson, Mr. and Mrs. Herbert Corbett, Mrs. N. Henderson and Mayme, Mr. and Mrs. Charles Carlson, Mr. and Mrs. John Stevenson, Mr. and Mrs. Rinaldi Fumagalli, Mrs. Frank Lote and family, Mr. and Mrs. John MacKie, Mrs. James Quigley (Calgary), Mr. and Mrs. C. J. Tompkins (Blairmore), Mr. and Mrs. A. J. Kelly (Blairmore), Mr. and Mrs. A. M. Morrison (Coleman), Mr. and Mrs. J. J. Murray (Frank), Mr. and Mrs. F. C. Donkin (Frank), Mr. and Mrs. F. C. Costick (Bellevue), Carlisle Hillcrest Public School, Hillcrest United Church Sunday School, Teaching Staff.

James J. McGrath, appointed deputy minister of justice in Newfoundland about six weeks ago, to succeed the late P. J. Summers, died suddenly at St. John's yesterday.

PORTIER-ATKINSON

A pretty wedding was solemnized at Hillcrest on Saturday last, the contracting parties being Miss Bessie Atkinson, daughter of Mr. and Mrs. J. C. Atkinson, to Mr. R. H. Portier, both of Hillcrest. The groom was supported by Mr. Atkinson, brother of the bride, while Miss Drew, of Pincher Creek, attended the bride. Following the ceremony, a reception was held at the home of the bride's parents. The young couple will reside in Hillcrest, where the best wishes of all will follow them on their wedded journey.

Since silk stockings are bought at as high as 30 shillings a pair, Sir Thomas Lipton thinks it's perfectly all right for the dear ladies to show at least 29 shillings' worth. And these many years we thought Sir Thomas was interested only in tea and sailing yachts. Of course, because of his interest in the latter, it is only natural he would be interested in legs. —Redcliff Review.

The St. John presbytery of the United Church of Canada unanimously declined to release Rev. R. G. Fulton from the pastorate of the Centryn church to accept the chairmanship of the New Brunswick liquor control board.

of Hillcrest Public School, Sentinel Lodge No. 26, A. F. & A. M.; Hillvue Chapter No. 15, R.A.M., G.R.A.; Mother, Dad and Jamie.

MUSICAL FESTIVAL A HUGE SUCCESS

The Crow's Nest Pass Sunday Schools' third annual musical festival was brought to a successful conclusion last night, when before an audience that filled the opera house to standing and overflowing prizes were presented to successful competitors.

The festival opened on Monday morning and during the three days there was scarcely a minute of idle time and large audiences were treated to high-class performance throughout. The greater part of Monday's programme was taken up with elocution, with Mrs. Stanley D. Skene, B.L.L. of the staff of Mount Royal College, Calgary, as adjudicator. The various competitors took up their problems well and competition was indeed keen. Tuesday and Wednesday were taken up mostly with vocal and instrumental competitions while the closing events included the major contests between orchestra choirs, etc. The most interesting are enjoyable features of the festival were probably the orchestra, choir and violin open. In the latter Joe Jasbee of Hillcrest, and Frank Johnson, of Blairmore, competed and were highly complimented by the adjudicators for their work. Jasbee winning out by the small margin of four points over Johnson.

Mr. Vernon Barford, M.A., A.A.G.O., and Mr. W. J. Hendra, A.L.L.M., of Edmonton, were adjudicators. Prizes in the various events were awarded as follows:

ELOCUTION
Grade I.—Jean Cruickshank, Hillcrest, 82; Agnes Truba, Hillcrest, 81.
Grade II.—Daisy Jackson, Macleod, 83; Evelyn Price, Coleman, 77.
Grade III.—Frances Smith, Lundbrook, 72; Stanley Rands, Macleod, 71.
Grade IV. (open)—James S. Rothney, Macleod, 75.
Cowley Women's Institute cup, given for the highest marks in elocution, was won by Daisy Jackson, Macleod with 83.

PIANO
Grade I.—Sydney Potter, Pincher Creek, 81½; Lucy Hamner, Blairmore, 76½.
Grade II.—Mae Allison, Pincher Creek, 82; Helen Neuman, Pincher Creek, 76½.
Grade III.—Leonard Davis, Blairmore, 74; Kathleen Ross, Pincher Creek, 71.
Grade IV.—Mary S. Gray, Blairmore, 60. First medal.
Grade V.—Jean Greig, Blairmore, 79; Irene Chappell, Blairmore, 76.
Open—Evelyn Olivier, Blairmore, First medal.

The Moser Cup, given for the highest marks in individual piano, won by Miss Mae E. Allison, Pincher Creek Grade II., with 82 marks.

Piano Duets (Junior)—Mae Allison and Doreen Jackson, Pincher Creek, 88.

Piano Duets (Senior)—Agnes Gillespie and Marion Fraser, Pincher Creek, 82; Mary Barons and Mary Pisony, Coleman, 75.

Vocal, Tenor and Baritone Duets—Mr. Yates and Mr. Taylor, Pincher Creek, 75.

Soprano and Contralto Duets—Mrs. Bannan and Mrs. Robinson, Blairmore, 79.

Violin Duets—Joseph Jasbee and William Kyle, Hillcrest, 67.

Junior Quartettes—Hillcrest, Gladys Rhodes, Jennie Makin, Catherine Rose and Bessie Davies, 76.

Senior Quartettes—Hillcrest, Harry Stobbs, Joe Jasbee, Willie Kyle and John Holopotosky, 76.

Under 10 Years—Wilma Wheatcroft, Blairmore, 72.
Under 12 Years—Grace Wheatcroft, Blairmore, 73.
Under 16 Years—Lea Fraser, Blairmore, 61; Violet Rae, Blairmore, 76.

Soprano (open)—Mrs. Brewster,

BISHOP KIDD TO VISIT BLAIRMORE TOMORROW

Right Rev. J. T. Kidd, bishop of Calgary, who is making a tour of the parishes in the southern part of his diocese, will stop off in Blairmore tomorrow, while enroute to Fernie, and will be met by a representative gathering of citizens.

TEA AND SALE WELL PATRONIZED

The tea and apron sale, held in the United Church, Bellevue, on Saturday last, was very well patronized. The members of the Ladies' Aid were very gratified with the results of their efforts. Those in charge of the tea tables were: Mrs. J. Curry, Mrs. J. D. McDonald, Mrs. J. Couens, Mrs. Hagglund, Mrs. J. Tuit, Mrs. W. Goodwin and Mrs. J. Shevils, while Mrs. S. T. Humble and Mrs. W. Prescott had charge of the apron stall.

Macleod, 152; Miss Dieken, Fernie, and Mrs. W. H. Irwin, Macleod, tied for second with 145.

Tenor (open)—Mr. A. H. Taylor, Pincher Creek, 66½.

Baritone (open)—Mr. A. J. Phillips, Coleman, 66½; Mr. T. Yates, Pincher Creek, 65.

VIOLIN AND 'CELLO

Grade I, Junior—Ernest Cridland, Pincher Creek, 75½; Evan Gushul, Coleman, 72.

Grade I, Senior—Dennie McLafferty, Bellevue, and Willie Mackie, Hillcrest, tied with 68; Robert Cruickshank, Hillcrest, second with 65.

Grade II, Junior—Cecil Johnson, Blairmore, 73½; George Tonks, Passburg, 71.

Grade II, Senior—John Colclough, Pincher Creek, 61.

Grade III—Frank Moore, Fernie, 66; Verduin Leigh, Cowley, 73.

Grade IV.—Harry Murray, Fernie, 66½.

Open—Joe Jasbee, Hillcrest, 156 and first medal.

'Cello—Mr. M. Piard, Bellevue, 70. The Blairmore Elks' Cup, given for highest marks in violin and 'cello, won by Joe Jasbee, Hillcrest, with 78.

CHOIRS

Senior—Blairmore, 66, and Pincher Creek Cup.

Junior—Blairmore, 72 and Pythian Sisters' Cup.

Male Quartette—Pincher Creek. Messrs. Colclough, Taysom, McMurdo and Yates.

ORCHESTRAS

Hillcrest Junior Orchestra first with 72 and Moser Shield.

Hillcrest Senior Orchestra first with Pincher Creek Shield.

Much credit is due the committee in charge, who throughout had their work well in hand. Owing to the territory having been extended to Fernie and Macleod, a larger number of entries made the work more difficult.

At the conclusion of the program last night, Miss Chardon, a local piano teacher, was waited upon by two little girls bearing a beautiful bouquet of flowers, which was presented to her in behalf of her lab pupils and friends.

Presentation of prizes was made by Mr. L. J. Morgan, chairman of the Festival Committee, assisted by Mr. and Mrs. Young, Mrs. D. G. Mackenzie and others.

The dance held in the Moose Hall on Monday night was fairly well attended, despite the stormy weather.

A Scotchman went to the races and bet 25-cents on a 10 to 1 shot and won. The bookmaker paid him in quarters and the Scotchman picked them up one at a time and bit them. "Why are you doing that?" said the bookmaker. "Do you think we are counterfeiter?"

"Nay, Mon," the Scotchman replied, "I'm only making sure I'm not getting back the one I gave ye!"

DEATH OF CHAS. MONTALBETTI

The death occurred at Frank on Monday, April 18th, of Charles Montalbetti, well-known section foreman of the C.P.R., following a prolonged illness.

Mr. Montalbetti was fifty years of age and a native of northern Italy. He came to Canada with several brothers close on thirty years ago. He has been section foreman at Frank practically ever since the year of the big slide.

Mr. Montalbetti is survived by a wife and several sons and daughters; also several brothers. Joseph Montalbetti, our esteemed townsman, is a brother.

Funeral place this afternoon from the home at Frank. Funeral service will be conducted at 3 p.m. at St. Anne's church and the remains will be laid to rest in the Catholic cemetery.

Mrs. Montalbetti and family desire to thank their many friends for kindnesses and assistance rendered during Mr. Montalbetti's illness, and for the many beautiful floral tribute of sympathy.

Misses Phyllis Hore, of Pincher Creek, and Doris Walters, of Lundgomery's poems. Mrs. Skene is teacher in education at Mount Royal College, Calgary.

PRESENTATION AT BELLEVUE

At a meeting of the Bellevue Ladies' Aid on Monday evening, a presentation was made to one of the members, Mrs. W. Fisher, who is leaving next Sunday evening for a few months' vacation in the Old Country, when she was the recipient of a lovely vanity case.

Mrs. Curry made the presentation in behalf of the Aid with the best wishes for an enjoyable holiday.

Mrs. Fisher responded, thanking the ladies for their kindness. The meeting closed with the singing of "Auld Lang Syne."

IT HAPPENED IN

PINCHER CREEK

Harry Drew, well known butcher, grocer, ballad singer, etc., of Pincher Creek, has had a tom-cat pussy for the last seven years. He was agreeably surprised a few days ago to find the animal nursing a lovely kitten.

The United Church was crowded to overflowing on Sunday night, the added attraction being Mrs. Stanley D. Skene's reading of one of Montgomery's poems. Mrs. Skene is teacher in education at Mount Royal College, Calgary.

MAY APPOINT A BRITISH ENVOY TO DOMINION

Ottawa.—Great Britain may appoint a representative to Canada to act in almost the same capacity to the minister who has been appointed from the United States, Premier W. L. Mackenzie King stated, in the House of Commons. The Prime Minister said that a British representative would probably be "a high commissioner to Canada."

Premier King's announcement came during his explanation of an item in the estimate of \$6,000 for a secretary to the prime minister. The premier stated that he wished this item voted for an executive secretary. Some misunderstanding had arisen over the term "secretary." He would like to point, out he said, that the prime minister was the only minister who had not a deputy minister. His only assistance was from the private secretaries. "The work of the prime minister's office," Premier King added, had now increased so that it was imperative in the public interest that it be organized on business-like lines similar to other departments.

Premier King referred to the appointment of a minister from the United States.

"I understand that in all probability Great Britain intends to appoint a representative to Canada in a similar capacity," Premier King said, "someone who will be in the position of a high commissioner to the Dominion and who will expect, perhaps, more in the way of an opportunity of conversation with the prime minister than with any other minister of the government."

Hon. Hugh Guthrie, Conservative leader, declared that in view of the explanation given by the prime minister he had no serious objection to the item being approved. When the vote first appeared in the estimate there had been a general impression that it was for a "glorified secretary."

To Purchase

Legation Building

\$500,000 Voted for Canadian Legation at Washington.

Ottawa.—For the purchase of a building for the Canadian legation at Washington \$500,000 was voted by the House of Commons after brief opposition. Hon. Hugh Guthrie, leader of the Conservative opposition, moved to have the amount reduced to \$250,000, but on division the motion was lost by 54 to 30.

The Conservative leader argued that \$250,000 would be sufficient to secure adequate rented quarters for the legation quite as good as the newly-appointed minister from the United States to Canada would secure in Ottawa.

The prime minister, in supporting the appropriation, said that it would be more economical to purchase than to rent and, moreover, if Canada was to maintain her prestige among the nations of the world represented in Washington a proper, permanent building should be secured.

Soviets Would Help Cantoneses
Moscow. — A Kharkov despatch says the Ukrainian Labor Unions are being flooded with applications from workers who desire to be sent to China to help the Cantoneses in their fight against the Northernists. A statement issued by the Union declares however that while the proletarians of the Soviet republic are always ready to support the Chinese toilers morally it is not recording men for such service.

Work Should Be Divided
Vancouver.—That the building of vessels by the Canadian Government Merchant Marine for the new service to be inaugurated between Canada and the West Indies "should be divided proportionately between the Atlantic and Pacific shipyards" is the recommendation contained in a resolution passed by the Vancouver board of trade and forwarded to Sir Henry Thornton, president of the Government line.

Japan May Send More Ships
Tokyo.—Japan's huge fleet already in Chinese waters, is expected to be augmented soon by a number of new cruisers. Various Japanese newspapers are urging the government to assume a firmer attitude toward China, but the government is insisting on maintenance of its present attitude. Although the necessity may cause an alteration at any time.

W. N. O. 1477

Bank Messenger Robbed

With Police Close By Bandits Escape With \$15,000 in Cash
Niagara Falls, N.Y.—Two bandits held up and robbed Francis McMahon, messenger for the C.N.R. National Bank, in the main post office and escaped with about \$15,000 in cash.

McMahon had just stepped from an armored bank car under police guard and entered the building when the men covered him with guns at the door of Postmaster Frederick G. Newell's office, took the bag of money he carried and sped away in an automobile bearing on Ontario license.

When he jumped out of the armored car McMahon ran into the post office. Patrolman Angus McIntyre, one of three policemen guarding the armored car, left the machine and followed the bank messenger into the building. McMahon collided with him at the door as he was running out to give the alarm.

McIntyre ran across to the door through which the bandits fled and fired two shots as the machine sped away from the curb. Neither hit the bandit car, it is believed.

U.S. Air Mail

May Permit Canadian Stamps to Be Used in Future

Washington, D.C.—Prepayment in Canadian stamps of the special rate of 10 cents for the United States air mail service will be arranged for Canadians, if there is any demand for the service.

Discussing informally the extension of the U.S. air mail to Canadian mail matter, Postmaster General New stated here that he saw no reason why Canada could not be given some arrangement whereby Canadian stamps could be used for the extra postage on matter to be transported by air. At present, while the ordinary postage of two cents can be prepaid in Canadian stamps, it is necessary to buy United States stamps to prepay the extra fee.

It is understood that Canadian authorities have not yet agreed to such an arrangement. No figure could be obtained here as to the number of letters being sent by people in Canada by the air mail route which now operates from coast to coast in the United States and is said to save from one to two days on ordinary postal routes.

South African Flag Question

Basis of Solution Believed to Have Been Found

Cape Town, South Africa. — The Cape Town Government newspapers welcome the report of the conference between the government flag committee and representatives of South African independent flag committees, as the basis of a solution of the flag question.

The opposition press, however, generally views the reports unfavorably, and strongly recommends the withdrawal of the flag bill this session.

The conference adjourned until May 19. With independent flag committees leaving to secure approval of the new design presented by the government—a flag with the cross of St. George on a green background divided into quarters.

Start Anti-British Movement

Native Section of Shanghai May Declare Boycott

Shanghai.—A definite anti-British movement which may take the shape of a boycott similar to those recently declared at Canton and Hong Kong, was launched in the native section of Shanghai.

A great anti-British league was organized at a meeting attended by representatives of the Komingtan (Cantonese political party), the women's association, the Transworkers Union of the International Settlements, the Telegraph Operators Union, students of the Shanghai University and others.

Canadian Takes Caruso's Place
New York.—Edward Johnson, of United, Ont., is Canada's show literally and figuratively. Already hailed by John MacCormack as the greatest tenor of the day, Mr. Johnson appeared as "Radamas" in "Aida" at the Metropolitan opera house wearing Caruso's costume—a gift from the widow as a tribute to the art of her husband's successor.

Partial Agreement With Soviets
Paris.—The Soviet and Canadian representatives have reached a partial accord on the question of the Russian debt to France. The Soviets propose in principle to pay an average of 60,000,000 gold francs annually for 62 years.

Royal Competitors At Ottawa Show

Prince of Wales and Spanish Prince Are Sending Exhibits

Ottawa.—Heralds to the throne of Great Britain and Spain will visit each other at the world's poultry congress being held here from July 27 to August 4 of this year. H.R.H. the Prince of Wales recently announced his intention of exhibiting some live birds from his farm in Cornwall, England, and word has been received that H.R.H. the Spanish Prince, intended exhibiting some fowls from his own poultry farm. The birds from the Spanish Crown Prince's farm will be the feature of the Spanish national exhibit.

Ernest Rhoades, congress secretary, received word from Prof. Salvador Castello, in charge of the royal poultry school at Avens de Mar, Spain, that the Spanish national educational exhibit was being forwarded on May 15, and that the live bird exhibit would be sent via Cherbourg on July 11. An exhibition is being held in Madrid on June 30 at which will be chosen the birds to represent Spain, in addition to those from the royal farm.

The Spanish government, which has taken three spaces at the congress exhibit, with a total frontage of sixty feet to a depth of thirty feet, states that it is prepared to leave its exhibit in place for Central Canada exhibition. Twenty official delegates are coming from Spain.

ALBERTA COAL QUESTION IS UP FOR DISCUSSION

Ottawa.—Confidence was expressed by Hon. Charles Stewart, Minister of Interior, during a debate in the House of Commons, that if the Board of Railway Commissioners found the cost of transporting Alberta coal to Ontario was not more than \$7 a ton, this rate could be put into effect immediately, by Order-in-Council, without waiting for another session of Parliament.

The Minister agreed that to enable Alberta coal to successfully compete with American anthracite in the markets of Ontario, a \$7 ton rate was necessary, and indicated that if the board found the cost to be greater than that, the Government would be prepared to grant assistance in order to make the transportation of a million tons a year of Alberta lignite into Ontario economically feasible. The government would take the same view in this matter as it had in granting assistance to the Maritimes.

The question of unemployment in the coal industry in Alberta was brought up by E. J. Garland, U.F.A. Bow River.

Hon. Peter Heenan, Minister of Labor, said he had received several telegrams with respect to the situation in Alberta. Immediately upon receipt of these communications, he had sent a map to the mining fields in that province to study conditions. Mr. Heenan assured the House that so far as he was concerned he was doing everything possible.

Why Lambs Leave Home

Fifty-three mountain sheep left their native haunts at Banff recently, and were shipped by Canadian Pacific Express to their new home at Kamloops. The consignment, which was the result of a month's trapping operations carried on by the Royal Mounted Police wardens, was made at the request of the government of British Columbia, to restock localities where the numbers of mountain sheep are depleted.

Visitors to Banff who flock to the spot on the Banff-Windermere highway known as "Sheep Point" for the purpose of "snapping" Mr. and Mrs. Sheep will not notice that their band of woolly friends has lessened. As a matter of fact, the sheep have increased so rapidly, that the author-

WAGE INCREASE IS SOUGHT BY C.N.R. EMPLOYEES

Montreal.—The board of conciliation, recently appointed to consider wage increases for more than 20,000 railway employees of the Canadian National Railways, convened here. The board is composed of W. J. Donnan, K.C., chairman, Winnipeg; Howard S. Ross, K.C., Montreal; representing the men, and Peter White, K.C., Toronto, acting for the railway.

Of the 20,000 men, 18,000 are employed in various classes of work, including office clerks, passenger station employees, stores and stationary workers, shippers and stationary engineers and firemen. They are seeking a \$30 a month increase in pay for month-laborers and 10 cents an hour for those working on hourly pay basis.

The remaining 2,000 employees are parlor, sleeping and observation car service men. This class requested a 12 per cent. increase and a uniform wage schedule. At present they are working on four different schedules, the result of various amalgamations effected by the National system in the past few years.

Protest From Alberta

Claim Immigrants Unfit for Farm Work Becomes Public Charge

Edmonton.—A protest against the dumping of Swiss and other European immigrants in Alberta cities and towns has been made by the Provincial Government. Acting Premier George Hoadley has wired Robert Forke, minister of Immigration, calling his attention to the fact that men are being brought here ostensibly as farm workers, who are actually in the unskilled labor class and unfit for work on the farm.

With no provision made for them on their arrival here and with a scarcity of the sort of work they are able to do they are in most cases being forced to beg for support and it is this phase of the situation that the Government is protesting.

Provinces Not Included

In Government Grant

Appropriation for Diamond Jubilee Celebration is for Ottawa Program Only

Edmonton.—If Alberta gets in the diamond jubilee celebration of Confederation it will have to be at its own expense, according to an Ottawa ruling just received by the government. The appropriation by the Federal parliament is to be spent entirely by the Ottawa committee, for its own program. There being no intention to allocate any portion of the quarter million grant to the several provinces.

Made Honorary Life Member

Vancouver.—Viscount Willingdon, governor-general, was made an honorary life member of the British Columbia Institute of Journalists when he and Lady Willingdon were entertained by members of the Institute.

Problems Of Smuggling

U.S. Prison Made Goods Finding Their Way Into Canada

Toronto.—H. F. Sparks, chairman of the Commercial Protective association, gave further evidence before the royal customs commission, here. He dealt first with the importation of prison-made goods into Canada. This created a most "odious competition," but no adequate system of prevention had been established. Last year said Mr. Sparks, 100,000 worth of prison-made goods had been produced in the penal institutions of the United States. As the labor organizations and other interests objected to the sale of these goods in the United States open market, a proportion of 14,000 found their way into Canada. This had been proven thoroughly at Rock Island, Quebec, said Mr. Sparks.

"What the 'preventive service needs is brains, and not brawn," declared Mr. Sparks, this morning. Ten expert men, he believed, would do more to solve the problems of smuggling than an army of untrained officers.

The efforts of his organization were not directed against petty smuggling, he said. "But the man who, under cover of darkness brings in a truckload of silk is a criminal," he declared. True, the petty smuggler broke the law, but his offense must be regarded in the nature of a moral lapse, while that of the big commercial smuggler was a deliberate crime. The real deterrent was a jail sentence, not a fine, he said.

"What you recommend is rigid, swift, impartial enforcement of the law," interjected Chief Commissioner Brown.

"Yes," said Mr. Sparks.

Supplementary Estimates

Grants for Maritime Provinces as Recommended by Duncan Report

Ottawa. — Supplementary estimates for 1927-28 were tabled in the house by Hon. J. A. Robb.

The total is \$11,483,812, of which \$638,823 is chargeable to capital account, the balance \$11,005,538.12 being chargeable to Consolidated Revenue fund account.

Provision is made for grants to the Maritime provinces pending consideration of provincial subsidies, Nova Scotia, \$875,000; New Brunswick, \$600,000; Prince Edward Island, \$125,000, a total of \$1,600,000, as recommended by the Duncan report.

For increase in the civil service are provided in an item of \$2,700,000.

An amount of \$500,000 is included for the purchase of land, building equipment and furnishings for consular residences for the civil service in the Canadian legation at Washington, D.C.

A further grant of \$50,000 is made towards expenditures in connection with the World Poultry congress to be held in Ottawa this summer.

There is \$15,000 to provide for a trial shipment of Alberta domestic coal to be made by rail and lake under the supervision of the Dominion Fuel board, provided one-third of the cost of the government is borne by other governmental, municipal and private organizations.

NEW PROBLEMS ARE NOW FACING THE CANTONESE

Shanghai.—Serious reverses on the Yangtze battlefield and outbreaks of fierce factional fighting at Shanghai and elsewhere between moderates and radicals are problems facing the Cantoneses, who only a few weeks ago were hammering northward in a deliberate threat on Peking, seat of the Northern government.

The factional controversy between the military and moderate wing of the Cantoneses regime and the civil and radical wing, which has its seat at Hankow, resulting for many weeks, flared into active conflict when plain clothes men, acting under direction of General Chiang Kai Shek, Cantonese generalissimo, and leader of the moderates raided the headquarters of the Cantoneses red labor unions in Shanghai, Hangchow, Ningbo and Amoy.

Fighting resulted and in Shanghai 12 persons were killed and many wounded in the various struggles. The raiders, armed with machine guns, pistols and bombs, attacked every known union center, in one case bringing up field guns to create 350 laborers. In one building about 600 laborers were arrested. Similar raids were carried on in Hangchow, Ningbo and Amoy, although there was comparatively little fighting in the latter places.

BRITISH WOMEN MAY CONTROL LARGEST VOTE

London.—John Bull may be elected in the next general election by the women of his household.

This prospect was created by Premier Baldwin's announcement in the House of Commons that the Government will introduce a Bill at the next session of Parliament lowering the minimum voting age for women from 30 to 21 years. It is estimated that 5,000,000 women will be enfranchised under the measure and when the next general election comes around—normally late in 1929—there will be 13,900,000 British women able to vote, compared with about 11,000,000 men.

The momentous declaration was made with seeming unconsciousness by the prime minister following discussion of the franchise question by the cabinet. In a low tone he informed the House of the Government's decision to lower the voting age for women.

The announcement immediately became the political sensation of the day. The budget, introduced by Chancellor of the Exchequer Churchill and the Government's much-discussed bill for revising trade unions, were forgotten as press and public started to discuss Britain's political future, with the balance of power in the hands of the women.

The announcement is hailed by suffragists as the final victory in a long campaign which started decorously in the hoop-skirt and ermine days of 60 years ago and staged a whirlwind finish during the past two months with much lobbying by women and much talk about bobbed hair, short skirts and "votes for flappers."

China Needs Powerful Leader

Or Struggle May Last For Years

Opinion of Shanghai Official

Shanghai.—Foreigners may never fully regain the status they held in China before the present unrest started in the opinion of Sterling Fessenden, chairman of the Shanghai municipal council. This council is the governing body of the international settlement at Shanghai.

But Fessenden predicts that the present military struggle in China may continue for a number of years depending on whether some powerful leader arises who can command the respect or fear of the Chinese people. The economic disturbance may not abate for many years.

With regard to the defence of the foreign settlements at Shanghai, Mr. Fessenden made the following remark:

"I did not see the British foreseen the situation and sent large numbers of troops thousands of foreigners in Shanghai would have been massacred."

Plane for H.B. Work

Uetober Airport, N.J.—L. A. Lawrence, of the Canadian Air Force, took off for Halifax in the first of six Fokker aeroplanes purchased by the Canadian Government for extensive survey work on Hudson Bay and Hudson Strait. The other five machines are to be delivered before June.

Miners Appeal For Relief

Ottawa.—An appeal from the miners of Lethbridge that the Government take some action to relieve the situation there as a result of the mines being closed, was read in the House of Commons by Hon. Hugh Guthrie, Conservative leader. No action was taken on it.

Twenty Drown in Boat Accident

Tokyo.—More than 20 persons were drowned near Fusan, Korea, when an overloaded ferry boat capsized. There were 200 passengers on the boat. When the number were still missing, the authorities stated they believed the majority of the passengers were rescued.

No Agreement With Italy

Ottawa.—There is no agreement between the Italian and Canadian governments with regard to bringing Italian laborers to Canada. Hon. Robert Forke, minister of Immigration, said in the House in reply to a question from Hon. J. Woodsworth.

Erecting New Wireless Station

Calgary.—Erection of one of the most powerful broadcasting stations in Canada, at Red Deer, Alberta, is announced by the Alberta Public Grade Company, which operates 238 grade towers in Manitoba, Saskatchewan and Alberta.

A PROCLAMATION

Following is the gist of a proclamation issued by the department of the interior, forestry branch, which should be of interest to our readers. Whereas, the following facts relative to our forest resources, are of great importance to the Canadian people:

(a) The forest, next to agriculture, is the greatest source of national income.

(b) The forest can, with care and proper handling, contribute permanently to the welfare of the nation, as well as to the health and happiness of our citizens.

(c) The forest supplies, not only the raw materials for our industries, but also in the form of the woodlot provides fuel and other useful products for the farmer.

(d) The forest, planted on sand areas, stops the invasion of good farm lands by blow sands and at the same time reclaims to the service of man waste areas now serving no useful purpose.

(e) The forest, planted as shelter belts on the open prairie, protects stock, makes fruit growing possible

and beautifies the home.

(f) The forest conserves the water in lakes and rivers, thereby protecting the fish and game and ensuring constant stream flows so necessary in water power development.

(g) The forest is the greatest single attraction to the tourists who visit our country.

(h) The forest is the main source of supply of softwood timber within the Empire and should be protected by every possible means.

And whereas, the existence of Canada's forest resource is threatened by two great dangers, both of which are man-caused and thereby preventable, namely:

(1) Almost universal carelessness with fire in the forest, resulting in the destruction, not only of timber and young growth, but of the very soil which produces it.

(2) The use of wasteful and destructive cutting methods, without any thought of ensuring a new crop.

And whereas, it is necessary for the United States and Canada to set aside a week in each year, during which these matters may be brought to the public's attention;

Now know ye that we, by and with the advice of our privy council of Canada, have thought fit to appoint, and do appoint the week commencing Sunday, the 24th day of April, as Canadian Forest Week, which, being also the beginning of another season of travel and recreation in the forest, with attendant fire danger, is an appropriate time for the citizens of our Dominion to renew their attention for another year to the situation as hereinbefore set out, and to give careful heed to information issued by the several forest authorities and agencies in Canada, to the end that all may be encouraged to a sustained effort in promoting the conservation of this valuable resource, and especially that (1) woodlot conservation waste land reclamation and shelter belt planting will be more efficiently carried on; (2) woods operations will be so conducted as to provide the best conditions for regrowth of valuable species of timber; (3) proper precautions against fire in the forest will be demanded of all, and carelessness or neglect will involve the fixing of responsibility on the individual and the application of the penalties provided by law.

The sweet girl graduate was being shown through the locomotive shop. "What is that enormous thing?" she asked.

"That," explained the guide, "is a locomotive boiler."

"And why do they boil locomotives?" she insisted.

"To make the engine tender," the guide said.—Paper Wads.

PRIZE ESSAYS IN LOCAL
GRADE COMPETITION

The first prize in Grade VII, was awarded to Miss Betty Thompson for the following essay:

"JAMES WOLFE"

"James Wolfe was born at Westerham, Kent, January 2nd, 1727.

He spent a happy childhood playing with his brother Edward in the gardens round their home.

At the age of fourteen, however, James gave up play and joined his father's regiment. His brother Edward soon joined him, but the life proved too hard for him, and James' great sorrow he died. After this, Wolfe, with his regiment, saw active service in Scotland and Flanders, and he was promoted to the rank of lieutenant-colonel.

Sailing to America in 1756, Wolfe served as brigadier-general under Sir John Mordaunt in the expedition against Louisbourg. Here he won distinction and showed great talent in handling his men.

Wolfe, however, was forced to return to England on account of ill health, but within a short time was requested by Pitt to take up command in America again. Raised to the rank of major-general, Wolfe undertook the siege of Quebec.

Quebec, the French believe, could not be taken by assault, since the high, steep promontory upon which the fortress is built made it inaccessible from the river. For several miles on either side of the promontory the north bank of the St. Lawrence is high and steep. It was along these heights that the French forces, under Montcalm, were stationed.

After several disheartening failures, Wolfe conceived one of the most daring projects in military history. He would scale the heights and attack Montcalm from the rear.

Careful preparations were made and in the darkest part of the night Wolfe and his men sailed down the river in boats, with muffled oars, climbed the steep pathway and before daybreak between four thousand and five thousand of the British major's best troops were ready for battle on the Plains of Abraham. The French were amazed and although Montcalm rallied his forces, at the first volley from the British the French line broke and Quebec was won for the British. Twice wounded, Wolfe fought till a third bullet pierced his lung, wounding him mortally. He lived, however, to learn of the victory.

Wolfe's character is one of the greatest in history. One author describes him as far from handsome, with straight red hair and irregular features, but in his eyes, full of courage, resolution and dogged will, was all the distinction and greatness decided him elsewhere.

His body was taken to his mother's home at Blackheath, and later taken to Greenwich, where it was buried beside his father's.

Monuments were erected at his birthplace and at Westminster Abbey. A tombstone inscribed with the words 'Here Died Wolfe Victorious' was placed on the field where he died. The house in which he lived was bought by Mrs. Learmont, of Montreal, and has ever since been kept as a memorial to one of Canada's greatest and most beloved heroes."

Miss Alida Gribblemont, in Grade VIII, won first prize for the following:

"THE LIFE OF JAMES WOLFE"

"January 2nd, of this year saw the two hundredth anniversary of James Wolfe, the great hero of all British people. James Wolfe was born in the quiet little town of Westerham, England, in the year 1727. He was the son of a soldier, Edward Wolfe, a veteran of Marlborough's army. James Wolfe's greatest ambition was to be a soldier. Though always sickly and weak of body, he was strong in will.

Wolfe's childhood was very happy. He had one brother, younger than himself, and together they fought many an imaginary battle. When about thirteen years of age, Wolfe was allowed to accompany his father on the Carthage expedition. A little

later he begged his father to be allowed to join the navy. His father consented, but when he was to go away he became ill and was sent home.

At the age of fourteen he was given a place in the army and one year later he joined the 12th Foot Regiment to the Rhine campaign. At the battle of Dettingham, he fought so well and so bravely that he was made a lieutenant. He was present at Hawley's defeat at Falkirk and Culloden. With his old regiment, the 12th, he served in Flanders. In 1749 he was made a major and one year later he was made a lieutenant-colonel. Wolfe joined the British army when war broke out in 1757.

In 1758, Wolfe, now a brigadier-general, was sent out, under Amherst, on the expedition against Louisbourg, the key to the St. Lawrence River. He was on the extreme west of the island and directed his attack against Freshwater Cove. He met with so stubborn a resistance that for some time he despaired of success. At last, seeing a possible opening, he threw his whole force into it and the enemy was forced to retire into the town. A small force directed by Wolfe encircled the harbor and planted a battery facing the fort. The island battery was soon destroyed and Louisbourg fell.

At the age of thirty-two, Wolfe, now a major-general, sailed into the St. Lawrence River with a fleet under Admiral Saunders. Wolfe was to capture Quebec and his entire land force consisted of nine thousand men. To capture Quebec was no easy everyday matter, for the city was well situated and fortified for defence. Wolfe's first attempt at landing near the city resulted in disaster for the English. He, Wolfe, despaired of ever capturing Quebec when he thought of a plan which might succeed. A few days before, Wolfe had discovered a path which led up the cliffs to the Plains of Abraham. It was his intention to get his army on the Plains of Abraham by means of this path. There were a few guards guarding the path, but these could be easily driven away. For some time Wolfe had been ill, but the prospect of a possible victory cheered him up considerably. No man was told of the plan until all was ready. Silently one dark night the greater part of Wolfe's force landed below the cliffs, at which is now called Wolfe's Cove, and started to climb. They climbed very silently without order and holding onto bushes and shrubs to keep from falling. At the break of day, Montcalm was warned by the guards, who had managed to escape, that the British army was lined up on the Plains of Abraham. With as many men as he could muster, Montcalm hastened out of the town to give battle to the English. The French advanced without order, firing as they came. In the British ranks no movement was seen, save when one man fell another took his place. When the French were near enough, the English fired volley after volley at them. The fire was so deadly that the French broke their ranks and fled. Both leaders were mortally wounded. Wolfe sank back quietly when he learned the enemy were on the run.

Wolfe's body was carried back to his native land and buried in the family vault. About one hundred and forty years after his death, a bronze monument was erected over the site where he lies buried. Other monuments have also been erected in his memory, one on his last battlefield, and one in the city of Quebec, which, by his bravery and great cleverness he captured. His home was bought quite recently by a patriotic Canadian, to be kept just as it was when Wolfe and his brother played soldiers. General James Wolfe will never be forgotten, because it was he who firmly planted England's flag in Canada."

Chief Anderson, of Fernie, accompanied the Fernie folks to Blairmore the early part of the week and took part in the festival with the Fernie choir, and also as a vocal soloist.

IN EVERY DETAIL
PRECISION
BUILT

The demonstrated quality of the Oldsmobile Six extends to the smallest hidden part. In every detail, Oldsmobile Six is precision built . . . a startling assertion in connection with a car so low-priced.

In Oldsmobile Six the highest standards of craftsmanship and materials are rigidly maintained. In every operation in its manufacture, in every phase of its inspection, split-hair measurements mark the Oldsmobile code of standards.

And the worth of these exacting methods is verified on the famous General Motors Proving Grounds, where every condition of use is anticipated and duplicated—where assurance is obtained that Oldsmobile Six will merit, and more than merit, the fullest owner confidence.

Oldsmobile Six beauty, performance, endurance and comfort are firmly founded upon the strictest standards, rigidly maintained.

Mark Historical Spot
R.C. Historical Society to Commemorate Island Gold Rush
Leach River, south of the great Vancouver Island gold rush of the early sixties, will be marked as an important historical spot by the R.C. Historical Society shortly, says the Victoria Times.

Members of the society will journey to the site of Leach River, north and place there a suitable tablet to indicate the past importance of the former mining centre. When the last of the wooden buildings of the town have disappeared, there will remain vestiges of the little settlement, where adventures from all America flocked to pan the gold-sprayed Leech River.

Quaint old photographs of Leech town and miners panning gold on the river have just been discovered in the Colonial office in London, after lying away, forgotten, in some official pigeonhole for more than sixty years. Copies of these interesting photographs of the gold rush have just reached John Hodge, Provincial Librarian and Archivist, who traced them through ancient records in the Provincial Archives.

In reading some of Governor Kennedy's dispatches to the Colonial Office, Mr. Hodge noticed a reference to photographs of Leech town, which the Governor of the little colony of Vancouver Island was sending to the British Government in 1864. On the off chance that these photographs might still exist, Mr. Hodge wrote at once to the Colonial Office, specifying the dispatches in which the photographs were mentioned. Diligent search by clerks in London found the old pictures, where they had lain since their receipt from the King's representative in Victoria.

Some of the best of the photographs will be enlarged and hung in the library. They show picturesque scenes in the old gold camp, the first wooden cabins erected there, the numerous stores housed in tents, and the primitive "rockers" used to wash the gold-laden gravel.

Dr. Williams' Pink Pills Have No Equals For This Purpose

Anemia, or lack of good blood causes not only pale faces and weak lips; it is the root of many pains and miseries. It is the cause of shattered nerves, headaches and backaches, and the always tired feeling from which so many women and girls suffer. To regain new health and strength the blood should be enriched through tonic treatment with Dr. Williams' Pink Pills. This medicine has brought new health and strength to thousands of weak dependent people.

Among those who have found new health through the use of this medicine is Mrs. Gregory J. Murphy, East Ship Harbor, N.S., who says: "I bless the day I heard of Dr. Williams' Pink Pills. Before I began their use I was in a rundown and weak condition. The least exertion would leave me breathless and tired out. Housework was a trial, and at times I felt very depressed. A friend advised me to try Dr. Williams' Pink Pills and I got six bottles. I was taking the pills very long until I began to improve in health, and continuing their use, my restored me to my former good health. I also gave the pills to my daughter, who was anemic and run-down, with the same good results. Now I always have the pills in the house, and would not like to be without them."

Get a box of Dr. Williams' Pink Pills from your druggist today, or send 50 cents to "The Dr. Williams' Medicine Co., Brockville, Ont., and a box will be sent you post paid. A little book, "Building Up the Blood," which explains the treatment, will be sent free on request.

Buy Alberta Ranch

Menonites Secure Famous Oxley Ranch in Northern Alberta
Menonites have bought the historic Oxley ranch, near Staveland. This ranch was established by English capital when the whole south country was open range. The Menonites, who made the purchase through the Canada Colonization Association, will devote themselves to mixed farming. They have acquired several hundred acres during the last two years as a result of the success of the earlier settlers of their religious belief.

Change Names of Chessmen

By the order of the Soviet Government the names of chessmen in Russia are to be changed. The present terminology of Kings, Queens, Bishops, Knights, etc., will be abolished and "Proletarianized" names substituted.

Mr. Grump—"Your whoosting's un-true."

Mr. Layson—"I know, but I never bother with 'em after supper—too near bedtime."

Many proverbs are the wit of one and the wisdom of none.

Tinting Tips

Here's the secret of giving linens, stockings, etc., the most gorgeous tints. All tints are really colors. So use real dyes. Get an envelope of the actual dye powder at any drug store for fifteen cents. To make one solution, which saves money and gives you the exact shade you want, dissolve in cold water. A dip more, it's done. And true dyes don't streak. Dyeing doesn't look weak. Just use boiling water instead of cold. Regular dyeing of all dress materials, drapes, etc., just as easy. Ask druggist for color cards and suggestions. Or, a wealth of ideas in full colors, in new book Color Craft free and postpaid; write DIAMOND DYES, Dept. N20, Windsor, Ontario.

Diamond Dyes Dip to TINT—Bath to DYE

Alberta Salt Mine

New Equipment Will Give Daily Production of 45 Tons
The Alberta Salt company which is operating a manufacturing plant at McMurray will add two more grainers to their equipment this summer, which will give them a daily production capacity of 45 tons. Their present capacity is 23 tons. The well from which brine is now pumped passes through two beds of salt, the top one being 100 feet thick at a depth of 555 feet. Another well will be put in this year. The table salt made by this company is of a very superior quality.

Newspaper Is Best Advertising Medium

Such is Belief of Well-known Canadian Firm
Does anybody ask why we advertise in the newspapers every year? Does anybody think it unusual that we have never missed a "newspaper" year since we started in business, 23 years ago? It's so easy to answer these two questions that we will ask ourselves two more: "Is the daily and weekly newspaper the logical medium for the tire manufacturer?" "Is Canada a newspaper country?"

As answer to all four questions can be given in one sentence: Dunlop has been advertising Dunlop Tires for 33 uninterrupted years in Canadian newspapers, not only because Dunlop believes the newspaper is the logical field for the tire manufacturer, but because Canada was a very people in many places is ostensibly a newspaper-reading country, and, therefore, logically a newspaper-advertising country.

Where the advertising campaign is as easy to stop as it is to start, there you find most advertisers in Canada—in the daily newspaper.—Pure Parag.

Salmon Travel Long Distances

Marked by Silver Tags Movements Have Been Traced

The Department of Marine and Fisheries has marked a considerable number of Atlantic salmon, by attaching silver tags to their dorsal fins, for the purpose of tracing the movements of these fish. A salmon that was marked and liberated off Burns point, Port Matilda, Yarmouth county, Nova Scotia, on 11th June was killed in the Maine river, Quebec, in the early part of the next month. If the fish took the most direct route it travelled in the vicinity of 800 miles, but if it followed the larger indentations of the shoreline it travelled over 1,200 miles.

English Trees For Australia

During the ceremonies at Canberra, the new Australian capital, the Duke and Duchess of York will plant various trees near the Royal Botanic Gardens. Now-eight beeches, eight oaks, eight horse-chestnuts, six elms, six alders, and six cypresses will follow.

No one need endure the agony of corns with Holloway's Corn Remover at hand to remove them.

Policeman: "Wot are yer standin' 'ere for?"

Loiterer: "Nuffink."

Policeman: "Well, just move on. If everybody was to stand in one place, 'ow would the rest get past?"

A farm one acre in size on the ocean front near the boardwalk at Atlantic City is valued at more than \$1,000,000. Truck produce is grown on the acre each year.

Mindw's soothing sore and tired feet. Rub them rub with Mindar's.

SUNDAY SCHOOL LESSON

APRIL 21

PETER AT THE TRANSFIGURATION

Golden Text: There came a voice out of the cloud, This is my beloved Son; hear Ye Him.—Mark 9:7.
Lesson: Mark 9:2-10; 2 Peter 1:1-15.
Devotional Reading: Isaiah 61-68.

Explanations and Comments

Peter Witnessed the Transfiguration of Jesus, Mark 9:2-10. Six days after the events in the neighborhood of Caesarea Philippi, Jesus took with him his three favored disciples, Peter, James and John (the three who were with him in the death-chamber of the daughter of Jairus, at the grave of Lazarus, and in the Garden of Gethsemane), and ascended a high mountain where he was transfigured before them. Had the disciples been perplexed and anxious during that week, but that mysterious announcement of their Master's coming suffering and death seem to so utterly impossible? Jesus himself they had declared the Christ; that they were even faltering in their faith? On the Mount the answer came, and then they knew. It was not a mystery was to be explained, their Master was the very Son of God. The Transfiguration with its revelatory light and power attested all despondency.

Jesus was transfigured. The fashion of his countenance was altered, says Luke (Luke 9:29). His face did shine as the sun, says Matthew (Matt. 17:2). It was not a splendor that fell on his face from without, and lighted it up; the glory came from within. Even the face of Moses shone after he had been communing with God on the Mount, and after hours spent in prayer. Luke (Luke 9:35). His face did shine as the sun, says Matthew (Matt. 17:2). It was not a splendor that fell on his face from without, and lighted it up; the glory came from within. Even the face of Moses shone after he had been communing with God on the Mount, and after hours spent in prayer. Luke (Luke 9:35). His face did shine as the sun, says Matthew (Matt. 17:2). It was not a splendor that fell on his face from without, and lighted it up; the glory came from within. Even the face of Moses shone after he had been communing with God on the Mount, and after hours spent in prayer. Luke (Luke 9:35). His face did shine as the sun, says Matthew (Matt. 17:2). It was not a splendor that fell on his face from without, and lighted it up; the glory came from within. Even the face of Moses shone after he had been communing with God on the Mount, and after hours spent in prayer. Luke (Luke 9:35). His face did shine as the sun, says Matthew (Matt. 17:2). It was not a splendor that fell on his face from without, and lighted it up; the glory came from within. Even the face of Moses shone after he had been communing with God on the Mount, and after hours spent in prayer. Luke (Luke 9:35). His face did shine as the sun, says Matthew (Matt. 17:2). It was not a splendor that fell on his face from without, and lighted it up; the glory came from within. Local and General Items

Miss Nina Passmore is home for the Easter holidays.
It's a long head that knows no turning when a pretty girl passes.

Lighten your House Cleaning by using Fuller Brushes. Call phone 349.
Some powder goes off with a bang; some goes on with a puff.

Many a girl who declares she wouldn't marry the best man on earth — doesn't.

The members of Greenhill Temple, Pythian Sisters, will stage a whist drive and social in the Lodge Hall on Wednesday next.

Six persons were killed when a Canadian National manifest freight train was derailed 56 miles west of Horne Payne, Ontario.

Miss Kathleen Tompkins, who is teaching in a district school north of Lundbreck, spent the Easter holidays here with her parents.

John, ten-year-old son of Mr. and Mrs. Duncan McLean, ranching near Macleod, died to death following a fall on a pitch fork.

British Columbia claims the world's highest average age. Unofficial figures show the ages of the grooms to average 32 and the brides 27.

Jack Kearney, one of the best known life and fire insurance men out of Winnipeg, spent several days in town during the week.

Chief Spence announces that all hounds unlicensed, or without tags, after May 1st will be destroyed. We presume this includes the rummy hounds.

About thirty members of the local Elks' lodge attended the Elks' smoker at Coleman on Friday night last. We understand that a return visit will be made on May the 10th.

Easter hats were welcomed by eight inches of new snow and a temperature of 8 degrees below zero. Someone remarked: "That was a mean temperature."

Four hundred kegs, containing 6000 gallons of malt whiskey, with a market value of more than \$100,000, constituted the largest seizure ever made in Dartmouth, Nova Scotia. The stuff was contained in a box car, billed as lumber.

Mr. Lee, working for the Calgary Power Co. at Nanton, had both legs broken when a load of poles rolled over on him. It was necessary to amputate one leg below the knee and it is thought there is little hope of saving the other.

Andrew, sixteen-year-old son of Mr. and Mrs. Storton Marshall, died at Hillcrest on Easter Sunday morning, following a brief illness. Funeral took place on Tuesday, the remains being laid to rest in Hillcrest cemetery. With the bereaved ones we join in sympathy.

A local teamster was on Friday last elected to be the guest of the Crown for a period of six months. He will locate at the government buildings, Lethbridge. The initial punishment for a dastardly crime was a good shower bath and the application of the razor may be second.

A ditch digger works ten hours a day for \$3.00—that's labor. A mechanic takes \$5.00 worth of steel and makes it into watch springs, worth \$50.00—that's skill. A merchant takes an article that costs 75 cents and sells it for \$1.00—that's business. We know a man who takes four-bits worth of canvas and fifteen cents worth of ink, and makes a picture —that's art. Irving Cobb takes a few pieces of paper, writes on them, and makes them worth thousands, movie rights included—that's genius. A woman can buy a hat for \$2.19, but likes it better if it costs \$21.90—now what the hell is that?—The Nabob.

Mr. F. Wheatley, of Calgary, is in town this week end.

A colony of thirty-six Doukhobors will settle near Blackie.

So far, that Detroit label suit shows that Ford is a tractor man, but not a retractor.

Woman wants work by day or week.—Mrs. Zeuchem, No. 36 Madawaska Street, Blairmore.

Miss Evers, of the Nobleford teaching staff, spent Easter here, the guest of Miss Madeleine Chardon.

Barbers may not believe in giving discounts, but they're always willing to take something off for cash.

Sir William Allerdycce, governor of Newfoundland, has been seriously ill and, acting on the advice of his physicians, sails today for England to consult specialists.

The marriage was solemnized by Rev. Father Harrington at St. Anne's church on Tuesday morning of Miss Argentina Delasanto to Mr. Carl Allesandro Minunzio.

Proprietors and frequenters of gamblers' clubs at Drumheller were hauled before court last week and penalties ranging from \$10 to \$20 were meted out to all. Similar action took place at Hanna a week or two previous. In no case was evidence of a rake-off necessary.

H. C. Sweet, of Lethbridge high school staff, was elected president, and R. D. Waite, of Calgary high school staff, vice-president of the Alberta Teachers' Alliance at a closely contested ballot taken Wednesday afternoon at the Edmonton teachers' convention. A large percentage of the ballot was done by post.

When the bill to vote \$500,000 for cadet service was before the federal house, Miss Agnes MacPhail, the only lady member in the house, made an amendment to reduce the vote to \$1.00. When one of the male members informed Miss MacPhail that cadets were being trained to defend the women of our country, she retorted, "That's an old joke." The statement may be old, but with the styles, fads and fancies of the present day, it's no joke to defend a woman—Red-cliff Review.

Some of the young members and others of the fair sex had better not go to Collingwood, N.J., without making some changes in their attire, according to the following press message from that borough: "Collingwood, N.J., Mar. 31.—A woman or a girl who 'wiftfully, maliciously, and feloniously' wears knickers on the streets of this town in the future will be subject to arrest and to a maximum fine of \$300, or a minimum sentence of 90 days, under the provisions of a new 'vice and immorality' ordinance just passed by the borough council."
